P O Box 50
Clayfield QLD 4011

To whom it may concern:

**RE: Proposed telecommunications facility
230 Brownes Road, WEST COOLUP WA 6214**

I advise **SAQ Consulting Pty Ltd** acts on behalf of Waveconn Operations ('Waveconn') in respect of this application.

Waveconn is a licenced carrier for the purposes of the *Telecommunications Act 1997 (Cth)* and operates as an infrastructure provider or 'neutral host', whereby new facilities are sited, designed, acquired, built and maintained by Waveconn but utilised by carriers - such as the mobile carriers - as part of their respective networks.

The proposal by Waveconn is to establish a telecommunications facility, in the form of a mobile telephone base station (including 40m-tall monopole, antennas and ground-based equipment cabinets) at 230 Brownes Road, WEST COOLUP. The specific location is near the existing driveway from Brownes Road, approximately 770m south of Hart Road, as shown on the attached proposal plans.

The subject land is located within the *Rural Zone* of the Shire of Murray Planning Scheme.

Please find **attached** a completed application form, proposal drawings and a copy of the Certificate of Title. Please advise of the lodgement fee payable. I will also shortly provide a detailed planning statement to assist in the assessment of the application.

Should you have any immediate questions, please do not hesitate to contact me.

Yours sincerely

A handwritten signature in blue ink, appearing to be 'Mark Baade', written in a cursive style.
