Introduction

Welcome to the Shire of Murray’s Council Plan. This plan combines our Strategic Community Plan and Corporate Business Plan into one succinct document – our Council Plan, our plan for the future.

More than 1,500 community members and key partners helped to shape this plan, addressing three key areas:

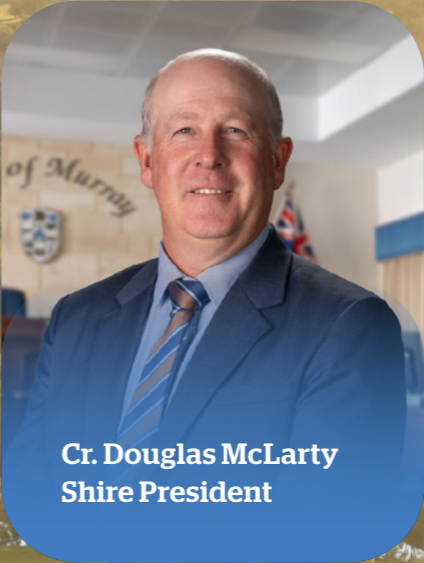

- » Where are we now?
- » Where do we want to be?
- » How do we get there?

This plan embraces the FUTYR® strategic planning approach, follows the Integrated Planning and Reporting Framework guidelines and satisfies a legislative requirement for all local governments to have a plan for the future.

This plan describes:

- » A future vision for the Shire of Murray
- » How the Shire will achieve and resource its objectives
- » How success will be measured and reported

The Shire of Murray acknowledges the traditional lands of the Bindjareb people. We pay our respects to their Elders, past, present and emerging

Cr. Douglas McLarty
Shire President

CEO

Executive Message

We are pleased to present our Council Plan, a keystone document that describes our priorities and goals over the next ten years.

This plan was developed following the most comprehensive public consultation the Shire of Murray has ever run.

The direction of this plan was informed by six community workshops, including our first ever youth workshop, almost 1,500 responses to our community survey, 90 internal seminar attendees and more than 60,000 words with community ideas, suggestions and recommendations.

Thank you to everyone who contributed and let us know what matters to you. Your passion and pride in our area has played a vital part in defining the future of our Shire.

Shire of Murray at a glance

Located in the rapidly growing Peel region, the Shire of Murray is known for its natural beauty, heritage, and outdoor adventure.

The Murray River winds through the Shire, connecting Pinjarra, the heart of the shire and one of the oldest towns in Western Australia, Dwellingup, a much-loved trails town, and the localities of Ravenswood, North and South Yunderup, and Furnissdale. Other settlements, including North Dandalup, North Pinjarra and Coolup are set against the picturesque backdrop of the Darling Scarp.

State forest covers large parts of the shire with magnificent, tall and ancient trees, and an abundance of native fauna and wildflowers. The Peel-Yalgorup wetland system extends over remaining parts of the shire and has international importance. It is used by tens of thousands of waterbirds and migrant shorebirds.

For more than 60,000 years, the Bindjareb Noongar people have had a cultural connection with the land and water. The name Pinjarra comes from the Bindjareb word pinjar, meaning wetlands. Regrettably in 1834, one of the most notorious massacres of First Nations peoples occurred in Pinjarra. Together, Bindjareb Noongar people and the local community are exploring ways to support healing and reconciliation.

The Shire of Murray is home to more than 18,000 people who value its rural charm and relaxed country lifestyle. The area offers diverse and affordable housing choices from urban hubs and canal living, to rural residential and farming properties. With a high proportion of seniors living in the area (24% compared to 16% in WA), there is need to meet growing demand for seniors' accommodation and aged care.

By 2051, the population is projected to grow to 70,913 residents with good employment prospects. There has been strong growth in bauxite mining and primary metal manufacturing, and the State Government has invested in the Peel Business Park and Food Innovation Precinct to create more jobs for the future.

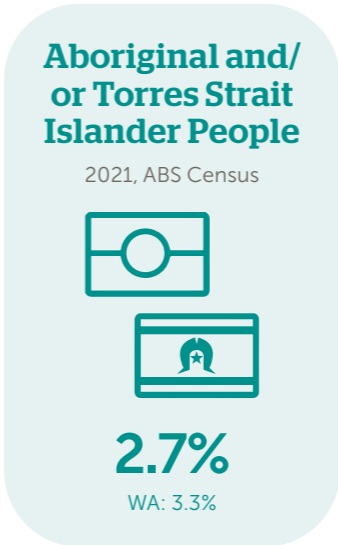

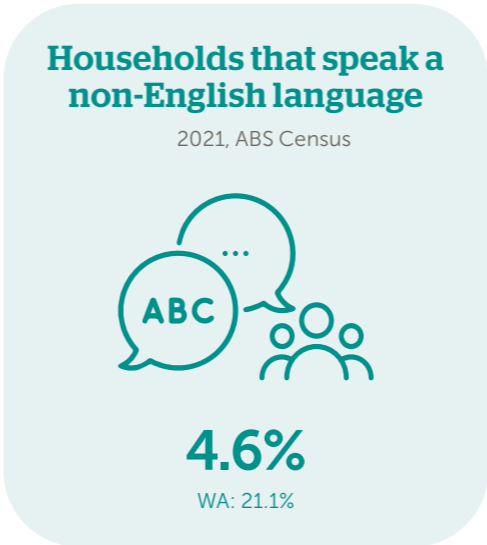

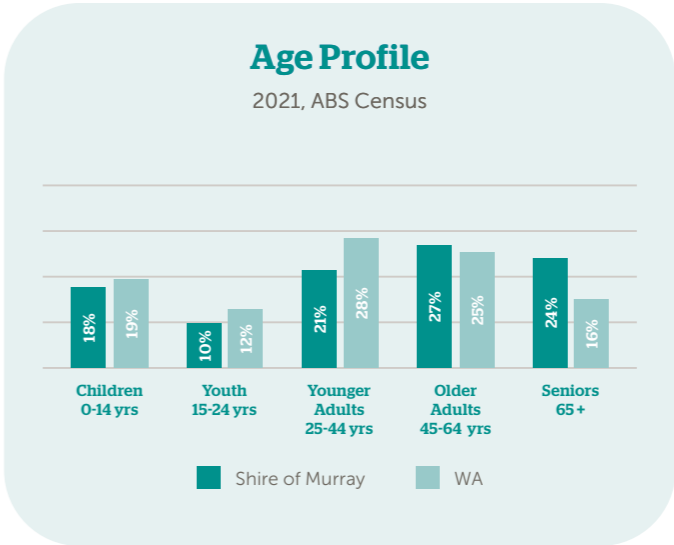

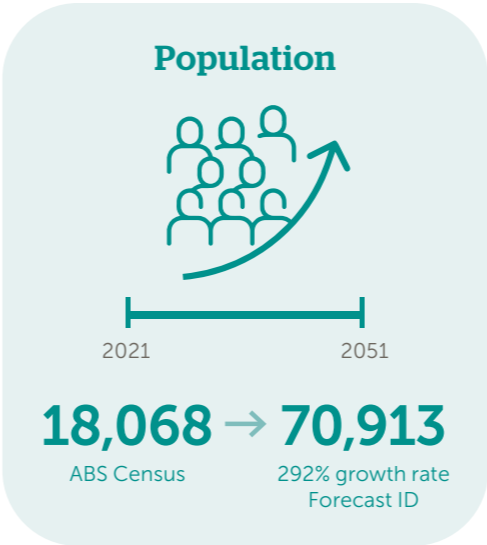

A local love of horses is supporting healthy growth in the equine industry. The shire is a premium destination for horse breeding, training, racing, and trotting. It is home to the Murray Regional Equestrian Centre - one of the top equestrian centres in Australia, Pinjarra Paceway - one of Australia's best known pacing tracks, and Pinjarra Park - one of WA's most picturesque racecourses.

The shire is a popular tourist destination for camping and fishing, canoeing, kayaking and white-water rafting, and hiking, mountain biking and horse riding on numerous scenic trails. A memorable way to take in the region's rich history and heritage is by hopping aboard the lovingly preserved steam engines of the Hotham Valley Railway for a nostalgic ride along the old timber milling route.

Innovation is at the heart of our future, driven by the Food Innovation Precinct located within the 1000ha Peel Business Park. This Precinct is the first of its kind in Western Australia and will drive food and beverage innovation and open up national and international markets.

The shire is an outstanding place for community, lifestyle, and opportunity.

Priorities

Priorities shift over time in response to what's happening locally and globally. To provide quality of life outcomes, the Shire of Murray must stay abreast of and adapt to changes in the political, environmental, social, technological, economic and legal landscape. We must also respond to changing community expectations.

Global Priorities

The United Nations' Sustainable Development Goals (SDGs) provide a global roadmap to increase prosperity, end social injustice and poverty, and improve health and wellbeing, all while protecting the environment for current and future generations.

17 goals were agreed by all UN member states, including Australia. The Shire of Murray will be a catalyst for change; promoting and facilitating the achievement of goals and relevant targets in the local community. Learn more about the SDGs at <https://sdgs.un.org/goals>.

State Priorities

In 2020, the COVID-19 pandemic exposed worldwide vulnerabilities, drawing attention to the need for healthy communities and resilient economies.

The State Government of Western Australia responded with a WA Recovery Plan.

This plan prioritises protecting the most vulnerable, building infrastructure,

unlocking future mining opportunities, investing in tourism and renewable energy, revitalising culture and the arts, supporting small businesses and building schools and workforces for the future.

Learn more about the Government of Western Australia's priorities at www.wa.gov.au/government/wa-recovery.

Our Vision

An outstanding place for community, lifestyle and opportunity

* Kaizen = provide continuous improvement

Our purpose and values

The Shire of Murray exists to meet the needs of current and future generations through an integration of environmental protection, social advancement and economic prosperity. This is in accordance with the *Local Government Act 1995* (Section 1.3 (3) Role of Local Government).

We fulfil our purpose through the following roles:

Advocate

We are a voice for the local community on key issues.

Facilitate

We help to make it possible or easier to meet community needs.

Partner

We form strategic alliances in the interests of the community.

Provide

We directly provide a range of services and facilities to meet community needs.

Fund

We help to fund organisations to deliver essential community services.

Regulate

We regulate compliance with legislation, regulation and local laws.

The Shire of Murray values are REAL.

Respect

Excellence

Accountable

Leadership

Our plan for the future

To achieve the desired vision, the community helped shape a plan for the future.

There are five core performance areas in this plan - people, planet, place, prosperity and performance. These areas are interrelated, and each must be satisfied to deliver outstanding quality of life in the Shire of Murray.

For each area, there is an overarching aspirational statement and desired outcomes, summarised below. Over the following pages, we explore each area in more detail. We describe the current situation, recent achievements, what we will keep doing, and our plan for the future. "What we will keep doing" covers business as usual activities, with a focus on continuous improvement. "Our plan for the future" describes priority projects to meet local needs and objectives. When deciding on priority projects, Council considers a range of comprehensive supporting strategies and community suggestions.

ASPIRATIONS

People
Our community enjoys excellent health, wellbeing and quality of life.

Planet
Our natural environment is cared for and appreciated.

Place
Our rural charm is preserved while we grow by embracing innovative urban design ideas.

Prosperity
Our economy is thriving with diverse business, tourism and job opportunities.

Performance
Our can-do attitude helps us to achieve desired outcomes and continuously strive for excellence.

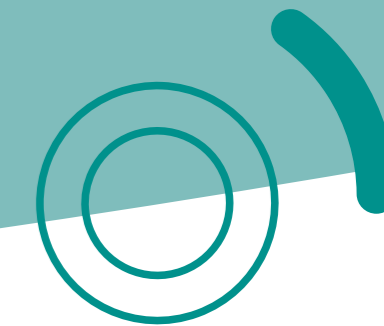

OUTCOMES

1. A safe community.
2. A diverse, socially connected and cohesive community.
3. An active and healthy community.
4. The ecosystem is managed sustainably for the benefit of current and future generations.
5. Shared responsibility for combatting climate change.
6. A resilient community equipped to respond to natural disasters and other emergencies.
7. Population growth is being managed responsibly and sustainably.
8. Our towns offer vibrant and attractive spaces, with retained rural charm.
9. Built heritage is respected and celebrated.
10. It is easy to move around the Shire safely and sustainably.
11. Sustainable economic growth with decent work for all.
12. Access to quality education and life-long learning for all.
13. Visitor numbers are growing.
14. Capable and accountable leadership and governance.
15. The Shire actively listens and responds to community needs.

People

Our community enjoys excellent health, wellbeing and quality of life.

Current situation

The Shire of Murray is a friendly place with great community spirit. As a place to live it scores 79 out of 100, 3 points ahead of the industry average.

The Murray Aquatic and Leisure Centre is one of the Shire's top performing services, followed by its festivals, events, art and cultural activities.

Efforts to recognise and support volunteers are appreciated, with scores 5 points ahead of the industry average.

Although local police report lower crime rates, community safety is a top priority in the community. People are concerned with hooning, drug use, petty crime, vandalism, car theft and break-ins. Community suggestions include more patrols, CCTV cameras and lighting.

With an aging population, the community would like the Shire to advocate for more seniors' housing and aged care services, an upgrade to Murray District Hospital, and free or subsidised community transport.

Local youth have expressed a need for safe and affordable spaces to socialise, such as outdoor cinemas, skate parks, BMX tracks, basketball courts and dog parks. They would also like better access to training, public transport and mental health services.

Recent achievements

Ravenswood Community Centre opened

The Shire has opened the Ravenswood Community Centre. The \$1.47 million Community Centre gives residents a welcoming and interactive meeting place to be active and connect.

Lovegrove Sports Pavilion opened

The newly opened \$3.8 million sports pavilion and facilities has created more sporting opportunities with a new clubhouse, expanded oval and carpark to support both cricket and hockey.

GP opens in Dwellingup

A GP service has opened in the Dwellingup Community Village, giving local people access to a doctor without the need to travel long distances.

More housing for seniors in Dwellingup

The Shire acquired a \$4.6 million State Government grant to enable the Dwellingup Community Village to build 11 universal access dwellings for residents aged over 55.

Youth Team established

The Shire has established a dedicated Youth Team, which will provide fun activities in a variety of locations for young people living in Murray.

Murray Sports Fusion Festival

More than 100 people joined in the fun at the Shire of Murray's inaugural Murray Sports Fusion Festival in 2025.

Humphrey Park

This community space in Pinjarra has been upgraded with improved facilities for residents and visitors. It now includes a kickabout area, new play space with shade sails, and picnic tables.

What we will keep doing

Council will continue to deliver and support services that contribute to achievement of the People aspiration and outcomes, such as:

- » Community grant management
- » Youth services
- » Services for children and families
- » Seniors' services and care
- » Disability access and inclusion
- » Reconciliation
- » Art and culture
- » Library services and programs
- » Sport and recreation
- » Murray Aquatic and Leisure Centre
- » Club development
- » Lighting of streets and public places
- » Animal control

Shire officers will focus on continuous improvement in these areas through their service area plans.

Planet

Our natural environment is cared for and appreciated.

Current situation

Considered to be a hidden gem, the shire has beautiful natural landscapes and biodiversity that is valued and appreciated by residents and visitors.

The community enjoys Jarrah forests, bushland, waterways, and open pastures on its doorstep where native flora, fauna, birds, dolphins, horses and cattle abound.

Local rivers and waterways are deeply valued by the community. People would like the Shire to prioritise the conservation, enhancement, and health of these ecosystems. This includes taking action to prevent riverbank erosion, prevent pollutant run off and keep waterways clean.

Mosquitoes are an ongoing concern. There is a need to manage mosquitos sustainably and effectively.

Following global trends, the local community would like a stronger focus on sustainability and climate action. Suggestions include flood mitigation, forest management, sustainable building design and construction, green energy, electric vehicle charging stations, and sustainable waste management.

Recent achievements

Coastal Hazard Risk Management and Adaptation Plan
The Shire completed a Coastal Hazard Risk Management and Adaptation Plan to identify and manage property and infrastructure at risk of coastal erosion or inundation over the next 100 years.

Environmental Sustainability Strategy
The Shire's Environmental Sustainability Strategy provides the vision, targets, actions, and reporting framework to advance environmental sustainability across Murray.

Corio Road Transfer Station
The Shire has installed a moving floor and compactor at the Corio Road Transfer Station. As well as being more user friendly for residents, it dramatically reduces waste transport costs.

Wharf Cove jetties upgrade
Eight floating, universal access jetties have been installed at Wharf Cove in South Yunderup.

Mosquito management
The Shire continues to be an active member of the Peel Mosquito Management Group. A full-time Mosquito Control Officer maintains our program for larvicide spraying.

10-year Waterwise Council
The Shire has been recognised as a Waterwise Council for ten years. The Program recognises how Councils lead by example and inspire residents to save water.

Cockitrough boosts biodiversity
A Cockitrough has been installed in Dwellingup to provide essential hydration for native birds including threatened black cockatoos.

E-waste diverted from landfill
The Shire diverted more than 37 tonnes of e-waste from landfill in just 18 months.

Tidy Towns award
The Shire was awarded a Tidy Towns Sustainable Communities Environmental Sustainability award for its Riverbank Restoration Project.

What we will keep doing

Council will continue to deliver and support services that contribute to achievement of the Planet aspiration and outcomes, such as:

- » Emergency management and services
- » Bush fire prevention and preparedness
- » Drainage construction and maintenance
- » Environmental planning and projects
- » Environmental health approvals and programs
- » Litter and illegal dumping
- » Abandoned and off-road vehicle management
- » Kerbside waste collection
- » Waste transfer stations
- » Bulk waste pick-ups
- » Regulatory compliance

Shire officers will focus on continuous improvement in these areas through their service area plans.

Place

Our rural charm is preserved while we grow by embracing innovative urban design ideas.

Current situation

Overall, 97% of community members rate the shire positively as a place to live. They value the area’s classic country charm, with its rural, small-town feel, laidback atmosphere and diverse choice of housing – from riverside properties to large rural blocks.

The area’s unique heritage and rural charm has been well preserved. The community is keen for this to continue as it welcomes high growth. The population is projected to quadruple to 70,913 residents by 2051.

The Shire has been doing well to manage growth and development responsibly, scoring 55 out of 100; 8 points ahead of the industry average.

Performance ratings for planning and building approvals are also improving, up 5 index points between 2018 and 2022.

To improve quality of life, the community would like Council to advocate for better public transport, local roads, and footpaths and cycleways. There is a need to be better connected with Perth and Mandurah, and for improved access to community services within the local area, including schools, shops and health services.

Recent achievements

Advocacy Strategy
The Shire has released its Advocacy Strategy. With ten priorities – including four transformation and six community projects – the strategy represents \$168 million in investment and will bring significant value to the Murray and broader Peel Region.

Pinjarra Heavy Haulage Deviation
The Shire has continued to liaise with Main Roads Western Australia to work towards the delivery of the Pinjarra Heavy Haulage Deviation.

Exchange Hotel Redevelopment
The highly anticipated Exchange Hotel Pinjarra redevelopment is complete and the venue is open for business. The 150+ year-old venue has three bars, exclusive bookable spaces, large-scale function area, and a gin distillery with private tasting room.

Murray River Foreshore Works Complete
New lighting has been installed along the Murray River Foreshore. The lights bring activation to the Pinjarra Suspension Bridge and surrounding riverbanks and foreshore trees.

Murray Heritage Railway
The Shire has released its \$60 million vision for a new Pinjarra Heritage Railway Precinct and Dwellingup Rail Link.

What we will keep doing

Council will continue to deliver and support services that contribute to achievement of the Place aspiration and outcomes, such as:

- » Strategic planning and development
- » Development and building approvals
- » Subdivision referrals
- » Local structure planning
- » Council building construction and maintenance
- » Road design, construction, and maintenance
- » Maintenance of bridge structures
- » Drainage construction and maintenance
- » Traffic management
- » Parks and garden maintenance
- » Waterways
- » Cemetery management

Shire officers will focus on continuous improvement in these areas through their service area plans.

Prosperity

Our economy is thriving with diverse business, tourism and job opportunities.

Current situation

The Shire of Murray has an important role to play in supporting economic development, education and life-long learning.

Murray Library provides vital access to resources and information to support local businesses, residents and students. 91% of community members rate the library positively.

While the Shire's economic development ratings are five points ahead of the industry average, with a score of 47 out of 100 there is need to improve.

The Transform Peel program and Food Innovation Precinct are two major initiatives that are helping to strengthen the economy and create job opportunities.

Local pride and investment in the equine industry is also fueling growth. The shire is a premium destination for horse breeding, training, racing, and trotting with one of the top equestrian centres, best known pacing tracks, and most picturesque racecourses.

With natural beauty, country charm, well maintained heritage, and some of the best trails in the state, tourism continues to be a growth opportunity. 96% of community members rate the area positively as a place to visit and tourism attractions are 7 index points above industry average in the MARKYT® Benchmarking Excellence Program.

Performance

Our can-do attitude helps us to achieve desired outcomes and continuously strive for excellence.

Current situation

The Shire of Murray is well regarded as a governing organisation, scoring 63 out of 100, up 3 points since 2018 and 9 points ahead of the industry average.

Performance scores for Council’s leadership, advocacy, consultation, and customer service are all above industry average in the MARKYT® Benchmarking Excellence Program.

To improve, the community would like the Shire to develop and communicate a clear vision for the future that is understanding of and responsive to local needs. They want a strong advocacy program and action plan to address concerns with community safety, public transport, and the river and waterways.

While value for money ratings are 7 points ahead of industry average, with an average rating of ‘okay’ there is opportunity to improve the allocation and alignment of resources to deliver greater value.

Over the next few years, the Shire will focus on responding to community need for better consultation and information about what’s happening in the local area.

Recent achievements

Excellence in economic development
The Shire was awarded the national award for Excellence in Economic Development Through Partnerships and Collaboration, at the 2023 National Economic Development Conference, for establishing the Food Innovation Precinct Western Australia.

Investing in innovation and technology
The Shire is focused on meeting growing and changing expectations. In a community survey, 79% rated the Shire positively for how it is embracing change, innovation, and technology.

Integrated planning and reporting
Council endorsed a new and community-driven approach that delivers a more integrated solution for planning and reporting.

Enhanced digital communication
A focused effort to connect with community through social media has driven the Shire’s social media performance 6 points ahead of industry average. The Shire has launched a new website to facilitate online customer service and grown its online following to more than 10,000.

Financial reporting best practice
The Shire has excelled in its financial reporting obligations, being announced among the top 20 local governments for best practice by the Office of the Auditor General for Western Australia.

What we will keep doing

Council will continue to deliver and support services that contribute to achievement of the Performance aspiration and outcomes, such as:

- » Governance
- » Advocacy and lobbying
- » Strategic planning
- » Risk management
- » Financial management
- » Workforce management
- » Information technology
- » Council and Electors’ meetings

Supporting strategies and plans

Several strategies and plans informed the creation of this Council Plan and will continue to guide the Shire of Murray to achieve the community’s desired outcomes.

Long-Term Financial Plan

Balancing expectations, future revenue uncertainty and expenditure forecasts are some of the most challenging aspects of the financial planning process. The Long-Term Financial Plan is Council’s 10-year financial planning document with an emphasis on long-term financial sustainability. Financial sustainability is one of the key issues facing local government due to several contributing factors including ageing infrastructure and constraints on revenue growth. This document tests community aspirations and goals against financial realities. It covers assumptions used to develop the Plan, projected income and expenditure, balance sheet and cash flow statements, and methods of monitoring financial performance.

Asset Management Plan

A primary goal of asset management is to provide the required level of service in the most cost-effective manner through the creation, acquisition, maintenance, operation, rehabilitation, and disposal of assets to provide for present and future generations. Council has developed an Infrastructure Asset Management

Plan which incorporates all major asset classes. This is part of an overall framework that provides for the sustainable management of current and future assets so that Council can continue to deliver services effectively to the community now and in the future. The Asset Management Plan presents information about assets, provides evidence of responsible asset management and compliance with regulatory requirements, and summarises information with regards to funding aimed at maintaining assets at the required levels of service.

Workforce and Diversity Plan

The Workforce and Diversity Plan provides a framework and strategy to address human resourcing requirements to implement the Council Plan. As the functions of local government continue to increase and expand, workforce capacity, capability and innovation are paramount. The Workforce and Diversity Plan addresses external requirements and expectations which can have an impact on services the Shire delivers.

Risk Management Plan

The Shire of Murray is committed to identifying, measuring and managing risks in order to capitalise on opportunities and achieve the objectives of Council’s strategic plans. The Shire has adopted a risk management framework aligned to ISO 31000:2018 Risk Management – Guidelines. The framework, which is comprised of a Risk Management Policy and Strategy, provides a coordinated and systematic process for managing risks, integrating risk management into everyday decision making and business planning. A Crisis Management and Business Continuity Plan complements the framework, ensuring that the Shire can continue to provide essential services to stakeholders in the event of a crisis or major incident.

More supporting plans and strategies

Local government is required to fulfill statutory requirements through the provision of various documents, such as the Planning Scheme, Disability and Inclusion Plan, and Public Health Plan. Council also prepares various plans and strategies to provide an in-depth review and assessment of strategic options to address local priorities.

Developing and Reporting

The *Local Government Act 1995* requires all local governments to plan for the future. As of 2023, Council was required to adopt a 10-year Strategic Community Plan, 4-year Corporate Business Plan and Annual Budget that were integrated with asset management plans, a workforce plan and a long-term financial plan.

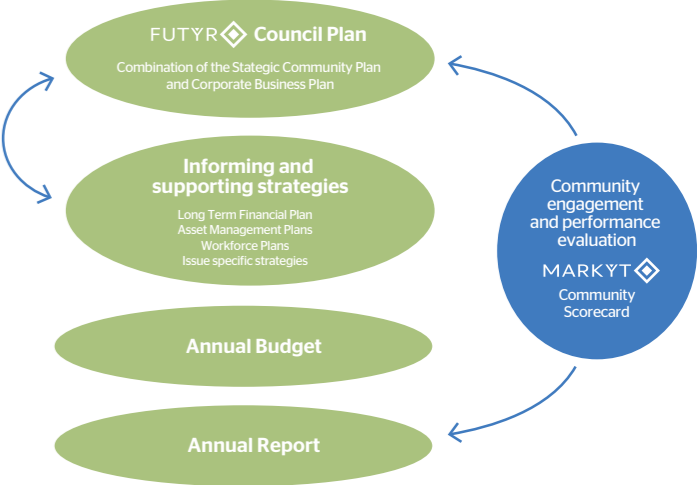

To streamline reporting and strengthen integration, Council combined the Strategic Community Plan and Corporate Business Plan into one succinct document and named it our Council Plan.

Council embraced the FUTYR® approach to conduct a major review of its Council Plan. This is a community-led, integrated and streamlined approach designed specifically for local government. It involved:

- » Desktop research
- » Detailed review of current plans and strategies to align and integrate outcomes and actions
- » Community survey and benchmarking using the MARKYT® Community Scorecard
- » Workshops with councillors, staff, key stakeholders and local community members

We express our deepest thanks to all community members who assisted with development of this Council Plan. We heard from a good cross section of people in the local community, including youth, families, seniors, people with disability, people with diverse cultural backgrounds, local businesses owners and managers, and representatives from local community organisations.

To track progress against outcomes in this plan, Council will monitor real and perceived performance levels from various sources. Results will be reported in the Annual Report. **Please visit www.murray.wa.gov.au to access the latest Annual Report.**

Community Scorecard

The Shire of Murray aims to participate in an independent study to monitor and benchmark performance once every four years.

Council aims to be above the MARKYT® industry average and strives to be the industry leader in all areas.

This chart shows Council's Performance Index Score out of 100 compared to the MARKYT® Industry Standards. The preferred target zone is shown as coloured bars.
