

Differential Rates 2021/2022

Statement of Objects and Reasons

Proposed Differential Rates and Minimum Payments for 2021/2022

Section 6.36 of the *Local Government Act 1995* (the Act) requires Council to give local public notice of its intention to impose Differential Rates and Minimum Payments, inviting submissions from electors and ratepayers. This document describes the objects of, and reasons for, each proposed differential rate and minimum payment, required to be made available for inspection by electors and ratepayers per section 6.36(3)(c) of the Act.

The 2021/2022 Budget will not be adopted until after consideration by Council of any elector and ratepayer submissions, pursuant to Section 6.36(4) of the Act. The Act empowers Council to adopt differential rates or minimum payments different from those published in the public notice. In addition, the *Local Government (Financial Management) Regulations 1996* require that if a Council does adopt any differential rates or minimum payments that are different from those set out in the public notice, then its adopted Budget must include a statement providing reasons for adopting any different rates or minimums from those set out in its public notice.

In its deliberations, prior to formally adopting the budget and imposing rates and minimum payments, Council will consider any submissions received and, as part of its due diligence processes, may also consider any new information on any budget-related matters not available to it at the time of giving public notice of intention to impose proposed rates and minimum payments.

This may include for example, Council consideration of any updated advice on inflation forecasts for 2021/2022, any amendments to forecast changes to costs of State Government utilities including electricity tariffs, street lighting, water or sewerage, or any changes related to any of the local government recurrent grants or any other Federal or State funds forecast to be received.

Minimum Payment

The Shire imposes a single minimum payment across all rating categories. The minimum payment recognises that all ratepayers have an equal opportunity to enjoy the facilities and services provided by Council, regardless of the value of their property. The minimum rate for 2021/2022 is \$1,160.
