

1. Policy Intention

To standardise the street signs throughout the Shire of Murray.

2. Policy

That street name signs meet the following specifications:

- All signs shall be blue on yellow, reflective.
- Shall have the Shire of Murray logo displayed.
- Shall have a 150mm blade width; and
- Shall have 100mm lettering.
- Shall have rural street number indicators where applicable.

All signs which are damaged and require replacement shall be progressively converted to the above design standard.

Where a development makes application, in writing, for an alternative style, design and colour of sign and sign post, and where this application has been approved by Council, the development shall lodge a bond equal to 10% of the costs of each sign and post provided in the development. This bond shall be used exclusively for the replacement of these signs or posts.
